

EMERGENCY SERVICES

You can't always predict when your business may be impacted by a hurricane, tornado, flood or other natural disaster, but what you do know is that **TECHNIBUS** will be ready to help. As an extension of our field service offerings, **TECHNIBUS** provides a full range of value-added emergency services to ensure that you're back to being operational quickly after a natural disaster strikes. It isn't easy picking up the pieces in the aftermath of these events, but we want to lend a helping hand.

Emergency Replacement of:

- Iso-Phase Bus Duct
- Non-Segregated Bus Duct
- Segregated Bus Duct
- Copper Bus Parts
- Structural Supports

If equipment is compromised by severe weather damage, we can perform the following services on the existing affected equipment:

- Inspection
- Cleaning
- Testing
- Repair
